MONDAY, JUNE 27. 1737.

90.625.

As several of the News-Papers have given an Extract of a Letter to a Gentleman of the Canton of Scatthausen, from a General Officer in the Service of the King of Spain; and as the said Letter is very much talked of, on Account of the strange Contents of it, we shall, for our Reader's Amusement, give it at large, as 'tis translated from the Swiss Gazettes.

8 I R,

HAVE a great deal of News to send you by this Post, but so little Time to give you all the Particulars, that you will be so good as to excuse Brevity. His Catholick Majesty's Concerns will not permit me to think of any Thing but the necessary Preparation for an Expedition of Land and Sea-Forces, which is going to be made forthwith, directly to Tuscany. You must know that all the Forces are to rendezvous at Barcelona, in which Number there will be some from England; that the Naval Army will be commanded by two Admirals, the one English and the other a Spaniard; and that some Gallies are coming to the said Port from Naples and Alicant. The Infante Don Philip is departing from this Capital for Valencia, in order to stop there till a Palace is prepared for him at Barcelona, where no doubt but every Thing will be ready for his making his Entrance there some Time next Month. As soon as the Troops are arrived at Barcelona they are to go on board, with great Quantities of Provisions and Ammunition, which is providing there in the mean Time; and afterwards the whole Army will sail for the Coast of Leghorn, and from thence proceed to Florence. I have many other Particulars to tell you, but as I expect fresh Orders from Court, as to what I am to do with regard to this Expedition, I shall only acquaint you, that it will quickly be seen, that this Court is not at a Loss, either for Men or Money, when it is to make a grand Push; and that before the Month of August is at an End, there will be a great Change in the present System of Affairs. The Infante Don Philip is to go, with the Title of Generalissimo of the Troops of Spain and Italy, and the Count de Maceda is to accompany him, in Quality of his Governor, tho' in reality he is to be Captain-General of the whole Army designed for the Expedition which is on the Anvil. What I know at present of the Regiments whereof it is to consist, is this: They are enough to form a Body of Twenty-thousand Men, Horse and Foot, exclusive of the Troops that are to compose the Generalissimo's Life Guard. Eight thousand Foot are already at Barcelona; the rest are dispersed with the Cavalry at Girona, and other Places in the Neighbourhood, and a great Number in the Island of Majorca. They are all old Regiments, and formed for most Part of Veteran Troops, used to Fire, who served in the Expedition to Oran. The Regiments of Foot are those of Castile, Valencia, Oran, Cadiz, Andalusia, Alicant, Saragossa, Granada, Navarre, Pampeluna, Tuscany, and Six Battalions of Corduba and Corfica, with the Italian Regiments. The Cavalry consists of the Regiments of Malta, Biscay, and Five Squadrons of Royal Carabineers; which latter are no Part of the 10000 Men; but together with 300 Life-Guards, and a Battalion of 1000 Spanish Guards, form a separate Body for the Guard of the Infante Don Philip, of which the Count Don Joseph de las Minas, Chief Major-Domo to his Catholick Majesty, is to be the Commander. The Captain-General has under him 5 Lieutenant-Generals, and as many Major-Generals; and the Marquis de Torre Major is the Inspector-General. There are 10 Commissaries of War, two Intendant-Generals, one for the Land-Army, the other for the Naval Force, and several Engineers, and Officers of the Artillery. Don Francis de Galves, Lieutenant-Colonel of the Regiment of Vittoria, is Sergeant-Major of the Army; and Captain Don Ignatius de Gavarra, is Aid-Major. All the Troops above-mentioned have already been reviewed.

The Advices from Madrid, which are of the 31st ult. O. S. say, that the Troops which were sent by Order of the Court to Cadiz, are embarked there, on board several Ships designed for the West-Indies, and that they are to carry with them a great Quantity of Arms and Ammunition. The Publick form various Conjectures of the Expedition in which those Troops are to be employed; but it is scarce probable, that the Court has a Design to violate their good Understanding with any of the Powers of Europe.

Letters of last Wednesday se'nnight from Leipsick say, that the Russian Minister, the Baron de Keyserling, is gone to the King and Queen of Poland, who are taking the Waters at Toplitz, with Orders to acquaint the King, that the Czarina had no other View in proposing the Count de Biron to be elected Duke of Courland, than the particular Satisfaction of the Nobility of that Dutchy, who cannot fail of being fond of the Count de Biron for their Duke, as he is not only a Protestant but their Countryman.

Letters of the 13th, O. S. from Paris say, that the Inhabitants of St. Malo, who have several Times, solicited the Court to make theirs a Free Port, have again petitioned the King for the same Purpose, but it is uncertain whether they will carry it, because it is opposed by the Inhabitants of Nantes, and other Sea-Ports of Bretagne.

A Copy of the Certificate of the Church Wardens of the  
Parish of St. Martin's in the Fields, in the County of  
Middlesex.

**WE** the Church-Wardens of the Parish  
of St. Martin's aforesaid do certify to whom it may  
concern, that the Bearer Mr. Labar, has an excellent Method  
of curing the Venereal Disease, and many other Distempers,  
without Salivation, Sickness, or Hindrance of Business, having  
cured 286 foul and old Ulcers in St. Martin's Work-house. In  
Testimony whereof, we the two Church Wardens, have given  
this Certificate this 15th Day of April, Anno Dom. 1737.

Sign'd by the two Church-Wardens, who are not willing  
that their Names should be made publick; likewise by the  
Governor, Clerk, and Mrs. Matron.

N. B. If any Person is willing to be satisfied of the Truth  
thereto, they may enquire at the said Work-house.

I do certify whom it may concern, that I have been afflicted  
with an Ulcer in my Breast, for which I have apply'd to  
several able Men, who all said my Breast must be cut off;  
but having apply'd myself to Mr. Labar, I am now per-  
fectly cured without any Sufferance.

Witness Mary Field, April 29, 1734.

This is also to certify, that I have been afflicted with Ul-  
cers in my Legs and Forehead these six Years, and after  
applying myself to several able Men, found no Benefit,  
and now by the Providence of God, am perfectly cured  
by Mr. Labar.

As Witness Mary Wagner, May 14, 1734.

N. B. Let the Case be ever so bad, the more Honour; for  
the Cure being perform'd by so easy a Medicine, it may be sent  
to any Part; having cured more in Town, and in the Coun-  
try, than in the Work-house.

Mr. Labar's Dwelling is in Bullin-Court, at the Golden  
Ball, near the New Exchange in the Strand.

**The only short and infallible Cure**

For that reigning Disease the SCURVY, and all Scorbatick Humours,  
who arrived to the highest and most inveterate Degree, or  
ever so many Years standing, and that without any sensible Pa-  
sion of the least Purging, which by an unaccountable Method  
is generally advised, although always found rather to increase and  
confirm the Scurvy than cure it.

By the so much famed and most pleasant Chymical DROPS.

**WHICH**, without the least Trouble,

Confinement, or any Disorder whatever, do at once drive  
out the true Cause of the Scurvy, and entirely destroy it, and all  
Scorbatick Humours and Effects, Root and Branch, so as never to  
return again, as many Thousands of both Sexes have experienced,  
and as all who take them, in 3 Days time will be convinced, as  
they almost instantly alter the morbid State of the Juices, purify the  
Blood, sweeten all the Fluids, cleanse them from Impurities, and  
directly clear the whole Habit from all Spots, blotches, black and  
blue Marks, Itchings, foul Eruptions, or Breakings out, Weakness  
of the Limbs, languid Heaviness of the whole Body, wandering  
Pains, Weakness of the Back, and all the vast Variety of Sym-  
ptoms by which the Scurvy imitates and often lies concealed under  
the Appearance of the Rheumatism, and many other Distempers.

And for strengthening the Stomach, immediately creating a good  
Appetite, causing a regular and easy Digestion of Food, and driving  
all windy Effects and Disorders of the first Passages (whence pro-  
ceed Head-achs, Vapours and other Indispositions) no Bitters nor  
other Medicine upon Earth can compare with them, insomuch  
that besides infallibly curing the Scurvy in all its Shapes and Ap-  
pearances, they also directly and immediately cure the Green-sick-  
ness in Virgins, Worms of all Kinds in young or old, and almost  
all other Chronic Diseases, (which are chiefly occasioned by Indiges-  
tion and flatulent Crudities in the Stomach and Bowels) and com-  
pletely prevent Fevers, Agues, and other acute Illnesses.

They are wonderfully Cordial and Restorative, strengthen the  
enliven the whole Machine, and as soon as taken, make the Patient  
pleasantly Lighsome, Frisk and Vigorous to admiration, and are  
good for all Sorts of Persons, to preserve as well as to procure  
sound and healthy State of Body.

But the great Reputation these famous and pleasant Chy-  
mical Drops have so universally gain'd among Persons of all Esti-  
mates, for their suddenly and infallibly curing the Scurvy and all Scor-  
batick Humours, and other Chronic Diseases, in such an easy and  
agreeable Manner, have occasioned many to imitate them, and  
under the same, and others under other Names: Be careful there-  
fore not to be deceiv'd; but be sure to have the Right, which  
the Author's special Appointment, are to be had only at a Geo-  
grapher's, at the Two Blue Posts, in Haydon-Yard, in the Ma-  
nories, at 3 s. 6 d. a Bottle, with Directions.

**The only true Specifick Chymical LIQUOR,**

For Dissolving and bringing away the Stone, whether in  
the Kidneys, Ureters or Bladder; and for instantly  
curing the Strangury, or all Heat, Pain, Stoppage,  
or Difficulty in making Water.

**THE** very first Dose of it gives perfect

Ease in a Moment, even in the most racking Pain of  
either Stone or GRAVEL, and at once entirely liberates the Pa-  
tient from the Strangury, and all Heat, Pain and Stoppage  
of Urine; it dilates the Ureters, makes them slippery, and  
the Crumbings of large Stones, together with Sand and  
Gravel, may pass freely from the Kidneys, and be voided  
with Urine without Pain; effectually cleanses the Kidneys,  
Bladder, and all Urinary Passages from gritty calculous Ma-  
ter; heals all internal Excoriations or Soreness of the Parts  
directly takes off all Pain in the Back, and those Pains so much  
like the Cholick, and may be depended upon to dissolve large  
Stones, so as infallibly to cure that most miserable Distemper.

It gives such sudden and unexpectable Relief, that who-  
ever takes but one Dose of it, will be thoroughly convinced  
of its surpassing Efficacy, which many Hundreds have hap-  
pily experienced to their infinite Satisfaction.

It is such an agreeable Diuretick and powerful Dissolvent,  
that it infallibly prevents the Stone in those who are troubled  
with Gravel only, and for the perfect Cure of either Stone  
or Gravel, and all Disorders of the Kidneys, Ureters, or Bladder,  
occasioned thereby, is the only true Specifick Remedy that  
can be surely and safely rely'd upon, as it gives instant Re-  
lief as soon as taken, (even when nothing else will) and infallibly  
accomplishes a perfect Cure without the least Trouble, very  
pleasant to the Patient, agreeable to the Stomach, and con-  
flicting to the whole Body. It is to be had only at Jacob  
Coffee-house against the Angel and Crown Tavern in Broad  
street, behind the Royal Exchange, at 3 s. 6 d. a Bottle, with  
Directions at large.

**An Infallible REMEDY**

For BROKEN-WINDED HORSES,

**WHICH** has been published and sold

many Years before any Counterfeits in other  
Forms appeared; and highly commended from one Part  
to another. The vast Quantities that have been sold  
also verify the Truth of its Efficacy and Virtues, which  
perfectly cures them, after many things premised have been  
ineffectual, to a Wonder, in a small time, without Confinement;  
by attenuating and opening the Globules of the  
Lungs dried up, and all the Passages obstructed by Humors  
dripping thereon, occasion'd by hard Riding, Colds, &c. &c.  
causes presently a free Perpiration, renewing its Force, Vigor  
and Length again, as well as ever.

It immediately cures those Horses only a little touch'd  
their Wind, as also all continued Coughs, Colds, Wheezes,  
&c. being excellent in preventing many other Distempers  
incident unto them, by maintaining, preserving, and con-  
tinuing a good Breath.

And in a word, by this very Medicine alone, many Horses  
have been made so perfectly sound, that they have been sold  
and valued at 10 and 12 l. which by being Broken-winded  
could not before be sold for 3 or 4 l.

It is sold at Mr. Sandwell's Toy-Shop at the Griffin,  
Corner of Backler's-Fury in the Poultry, at 4 s. 6 d. the Quin-  
tary, with Directions for taking it; and no where else  
England.
